## WOW CALLERS WITH A PERSONAL EXPERIENCE

Our award-winning receptionists take client experience seriously. Supported by software that empowers human connection, our team can:

- Answer and transfer your calls
- Take messages or over voicemail
- Schedule appointments
- Collect intake information and answer basic FAQs
- Place calls on your behalf, and more!

Just like an in-house hire at a fraction of the cost, callers never know Ruby's receptionists aren't sitting in your office.

## MANAGE YOUR DAY (AND YOUR BUSINESS) WITH THE RUBY APP

Work happens everywhere—so does Ruby. Our mobile app puts the power of the front desk right in the palm of your hand, working in tandem with our receptionists so that you can:

- Check your messages while on the go
- Stay on top of call activity
- Change your call instructions on the fly
- Keep your personal number private with a Ruby-hosted business number

And Ruby never takes a day off, ensuring none of your calls slip through the cracks, even when you're on the go.

*“Ruby allows my office to focus on our work, while knowing all our calls will be answered by a friendly, live human. Engaging Ruby was one of the smartest things I did when I opened my own firm, and a key to my firm’s success.”*
